

CYBERTRUCK DELIVERY DAY CHECKLIST

FIRST

- Make sure VIN matches paperwork
- Correct registration info and purchase documentation
- Confirm trim (AWD, CB)
- Foundation badges are there if applicable (fenders, tailgate, dash)
- Correct temporary license plate (for certain states)
- Front and rear license plate frame/mount included
- SAE J1772 Adapter included
- Wall connector and/or mobile charger included if you ordered one with your purchase (Foundation comes with it)
- Floor mats - Foundation will have two sets of mats, one weather and one carpet
- Latest software version installed

EXTERIOR

STEEL & WHEELS

- Surfaces and underside are free of scuffs, marks, abrasions, or smudges
 - Look for deep scratches on the steel
- Wheels free of scrapes from truck unloading/loading
- All 4 valve stem covers on tires
- All 4 wheel covers included (As of March 2024, they are not including it with delivery and will send it to you when issues are fixed.)

PANELS

- All panels are aligned & flush, no huge gaps or misalignments. Common misalignment areas are below:
 - Where pillar meets the fender
 - Where pillar meets the rear quarter panel
 - Doors protruding out. This can be realigned easily.
- Front/Rear lights are free of condensation
- Look for cracks in the glass
- Confirm 6 tie-down points in bed

ELECTRONICS

- Both key cards work on the B-pillar
- Power doors, frunk, and trunk all open and close properly. Look for awkward or loud sounds when opening.

- Phone Bluetooth connectivity as the primary key works
- All phone app functions work (unlocking, preconditioning, etc.)
- All front & rear lights work (emergency, turn signals, brakes, hazard, frunk, bed liner lights, hi-beams/fog)
- Side mirrors make minimal noise when shifting from state to state
- Charge port door sits flush and moves freely, opens consistently
- Confirm operation of tonneau and tailgate
- Make sure 110v and 240v outlets work in the bed
- Make sure ride height adjustments work
- Make sure windshield wiper works

INTERIOR

MATERIALS

- Surfaces and underside are free of scuffs, marks, abrasions, or smudges
- Interior liner is properly sealed & not “hanging”, no scuff marks
- Look for seat tears or smudges
- Back seats raise properly

ELECTRONICS

- All windows go up/down without noise or issues
- Make sure AC/Heat works at full power without strange noises
- All interior door buttons works
- Both front seats don't squeak when moving (check all directions of motion)
- All interior lights present & working (footwells, puddle lights, dome, etc.)
- Ambient lighting on dash and doors works and changes colors
- Rear touchscreen works
- All USB-C outlets (2 in center console, 2 underneath backseat screen) work
- 1 USB port in glove box comes with a USB flash drive for Sentry Mode/dashcam video footage
- 2 wireless phone chargers work in center console
- Rear and side cameras clear & working
- Music & phone streaming work
- Voice control works
- Microphone picks up good audio (call a friend with the dialer)
- All speakers emit sound, no audio “clipping”
